ISF Norwegian & Icelandic herring trawl and seine

Marine Stewardship Council Certification

Certification Body: Food Certification International Ltd

1st Surveillance Audit (MSC Certificate issued 29/May/2014)

Surveillance level: Normal

Food Certification International Ltd is now in the process of conducting annual surveillance audits for this fishery. The key purpose of this stage is to:

- » review and evaluate the progress of the fishery against Conditions of Certification raised during the full assessment;
- » review any changes in the management systems;
- » review and evaluate any changes or additions / deletions to regulations;
- » review any personnel changes in science, management or industry to evaluate impact on the management of the fishery;
- » review any potential changes to the scientific basis of information.

The assessment will be conducted by the following assessors:

P1 Expert John Nichols
P2 Expert & TL Andy Hough
P3 Expert Asgeir Danielsson

There will be an on-site visit and we expect to conduct any meetings as required during week commencing 06/July/2015 in Reykjavik. We may be able to meet with stakeholders as appropriate. If you would like to talk to the assessors, please advise us of your interest by **24/Jun/2015**, giving the following:

- » your name and contact details;
- » your association with the fishery;
- » the issues you would like to discuss (in order for us to arrange appropriate representation).
