# Shetland and Scottish Mainland Rope Grown Mussel Enhanced Fishery

## Marine Stewardship Council Certification

Certification Body: Food Certification International Ltd

## 2<sup>nd</sup> Surveillance Audit (MSC Certificate issued 26/06/2012)

### Surveillance level: Normal

Food Certification International Ltd is now in the process of conducting annual surveillance audits for this fishery. The key purpose of this stage is to:

- » review and evaluate the progress of the fishery against Conditions of Certification raised during the full assessment;
- » review any changes in the management systems;
- » review and evaluate any changes or additions / deletions to regulations;
- » review any personnel changes in science, management or industry to evaluate impact on the management of the fishery;
- » review any potential changes to the scientific basis of information.

The assessment will be conducted by the following assessors: Rod Cappell, Julian Addison and Fiona Nimmo.

There will be an on-site visit and we expect to conduct any meetings as required during week commencing Monday 16 June, 2014 in Glasgow. We may be able to meet with stakeholders as appropriate. If you would like to talk to the assessors, please advise us of your interest by **Monday 2 June, 2014**, giving the following:

- » your name and contact details;
- » your association with the fishery;
- » the issues you would like to discuss (in order for us to arrange appropriate representation).

Comments should be sent to:
