The following list represents the current participating quota holders, licence holders, registered vessels and vessel owners within the scope of the Canadian Association of Prawn Producers (CAPP) and the Northern Coalition (NC) MSC certificate for the Canadian Offshore Northern Shrimp (*Pandalus borealis* and *Pandalus montagui*) Trawl Fishery in Shrimp Fishing Areas (SFAs) 1, 2, 3, 4, 5, 6, and 7.

All northern shrimp caught and processed by these companies and vessels is authorized to enter into MSC Chain of Custody certification programs.

Any companies buying from the vessels owned by any of these companies must also seek chain of custody certification in order to sell product that can carry the MSC logo.

The limit of identification of landings is the landing of *P. borealis*/*P. montagui* by these vessels at recognised ports where appropriate recording and monitoring of landings takes place.

Please note that this memo updates the vessel list for the >100' (offshore) fishery.
