

## **Norway North East Arctic and North Sea Saithe Fisheries**

### **Marine Stewardship Council Certification**

#### **Certification Body: Det Norske Veritas**

#### **Announcement of Re-assessment**

Det Norske Veritas (DNV) is pleased to announce that Norway North East Arctic and North Sea Saithe Fisheries are entering the re-assessment process against Marine Stewardship Council Standard for Sustainable Fishing.

The scope of re-assessment will remain the same as for initial certification and will cover all Norwegian vessels in the North East Arctic and North Sea targeting saithe with trawl, gill-net, purse-seine, Danish seine and hand line.

The client responsible for re-assessment of the Norwegian saithe fisheries is the Norwegian Seafood Council (Norges Sjømatråd / [www.seafood.no](http://www.seafood.no)).

Re-assessment of these fisheries will follow all the steps of the MSC Certification requirements in force at the time of the re-assessment.

The re-assessment is estimated to take approximately 11 months. The existing certification of this fishery expires on the 15<sup>th</sup> of June 2013. Therefore, the target eligibility date for re-assessment is 16<sup>th</sup> of June 2013.

Information on the saithe fisheries undergoing re-assessment can be found at:
