

MSC - FISHERY CERTIFICATE

Certificate No.: MSC-F-61388

Initial date:
30 April 2009Valid:
30 July 2019 - 30 January 2025

This is to certify that the Fishery operations of

Norway spring spawning herring

Client: Norges Fiskarlag / The Norwegian Fishermen's Association, Pirsenteret, 7462 Trondheim, Norway

has been found to comply with the requirements of

The MSC Fisheries Standard v2.0

The certified fisheries have the right to claim the fisheries are "Well Managed and Sustainable Fisheries", in accordance with the MSC's Principles and Criteria for Sustainable Fishing. Further claims made about the fisheries shall be in accordance with rules established by MSC.

This certificate is valid for the following scope: Norway Spring Spawning herring (*Clupea harengus*) fishery conducted by Norwegian vessels in North East Atlantic, EEZ's of Norway, Russia, Iceland, EU and Faroe Islands. Jan Mayen Fisheries Zone and Svalbard Fisheries Protection Zone and International waters using purse-seine and pelagic trawl as harvest method as defined in the Public Certification Report.

Products from the fisheries landed by Norwegian vessels, recorded by Directorate of Fisheries and Norges Sildesalgslag, and sold through or by approval from Norges Sildesalgslag, are eligible to enter further Chain of Custody. Chain of custody will commence from the point of landing and sale.

For detailed information on scope and chain of custody start, see the Public Certification Report available for download at MSC website: <https://fisheries.msc.org/en/fisheries/norway-spring-spawning-herring/>
