

U.S. Gulf of Mexico menhaden purse seine

Client Group:

Omega Protein Corporation and Daybrook Fisheries Inc.

Announcement of Determination and Release of Final Report

SAI Global would like to announce that the Final Report and Determination for the MSC assessment of the above fishery is now available at the following address:

<https://fisheries.msc.org/en/fisheries/u.s.-gulf-of-mexico-menhaden-purse-seine/@@assessments>

The Determination reached by SAI Global's Certification Committee is that the fishery **SHOULD** be certified according to the MSC Principles and Criteria.

Please note that this is a determination, not a final certification result. This fishery is therefore not certified, nor is it able to use the MSC's logo on any products until the final consultation period has been concluded.

There is now a **15 working day** period during which stakeholders previously involved with this fishery assessment that disagree with this determination may submit a Notice of Objection. A description of the grounds for objection and the procedure to follow can be found on the MSC's website at the following address:

<https://www.msc.org/what-you-can-do/engage-with-a-fishery-assessment>

Please note that Notices of Objection must be submitted in the format prescribed by the MSC using the Notice of Objection form (which can also be found at the above address) and sent to objections@msc.org, where it will be forwarded to the assigned independent adjudicator.

In this case Notices of Objections must be submitted by:

- **17:00 GMT, Tuesday 25th June, 2019**

And should be sent to objections@msc.org.

PLEASE DO NOT SUBMIT NOTICES OF OBJECTION DIRECTLY TO SAI GLOBAL AND/OR NOT ON THE CORRECT FORM; IF YOU DO SO THEY WILL NOT BE ACTIONED.
