

Western Australia enhanced greenlip abalone fishery

Marine Stewardship Council Certification

ANNOUNCEMENT: RELEASE OF PUBLIC COMMENT DRAFT REPORT

bio.inspecta Pty Ltd, mandated by q.inspecta, is pleased to announce that the Public Comment Draft Report for the assessment of the Western Australia enhanced greenlip abalone fishery is now available for comments by previously engaged stakeholders for a period of 30 days.

The MSC provides a set of guidelines and templates to assist in the transfer of information between stakeholders and Conformity Assessment Bodies. Please use "MSC Template for Stakeholder Input into Fishery Assessments v4.0" [here](#) for submission of your comments.

Any claim/s or claimed error/s of fact regarding the Public Comment Draft Report for this fishery assessment must be accompanied by objective evidence in support of the aforementioned claim/s. Following receipt of comments from stakeholders, bio.inspecta Pty Ltd will consider all available information and make a determination on whether the fishery should be certified. Following this determination, the final report will be made available.

Should you wish to submit comments please complete the relevant section of the above template and return it to us no later than **17:00 UTC on 12/May/2022**. Comments should be sent to seafood@bio-inspecta.com
