Management System: The main institutions involved in management of the Baltic cod fisheries are: ICES ACOM, DG MARE, STECF, Federal Ministry of Food, Agriculture, and Consumer Portection (BMELV), Federal Agency for Agriculture and Food (BLE), German Fisheries Association (DFV), German fisheries Producer Organisations, and The Baltic Sea Regional Advisory Council (BSRAC). All of these institutions have established protocols covering their purpose, roles, operation, representation, consultation, decision-making, dissemination of policy, plans, decisions and information, both internal and external review of practices and performance.

Chain of Custody: Chain of Custody should commence following the first point of landing, at which point the product shall be eligible to carry the MSC logo (under restrictions imposed by the MSC Chain of Custody standard). There are no restrictions on the fully certified product entering further chains of custody. Erzeugergemeinschaft der Nord- und Ostseefischer GmbH Eastern Baltic cod does not require its own chain of custody certificate.
