**Notification of Publication of the Public Certification Report**

**Tristan da Cunha rock lobster**

**by Ovenstone Agencies (Pty) Ltd.**

Control Union UK Limited (CU UK) announces that the 15 working day period, during which parties could have lodged an intent to object to the Certification Body's determination that the Tristan da Cunha rock lobster fishery conducted by Ovenstone Agencies (Pty) Ltd., closed on the 04/04/2022.

No formal objections were received and the determination therefore holds. The new certificate will be in effect for 5 years, contingent on the fishery successfully completing annual audits of its status against the MSC standard.

The MSC ecolabel may now be applied to catches taken from this fishery after the agreed eligibility date of 14/06/2022 (the 5th anniversary date of the existing certificate), by those companies with appropriate Chain of Custody certification in place.
