

Norway North East Arctic saithe fishery –
Re-assessment

Marine Stewardship Council Certification
Certification Body: DNV GL Business Assurance

Announcement of Release of Public Certification Report

DNV GL - Business Assurance (DNV GL) is pleased to announce that following the 15 working day period of stakeholder comment on the Final Report, no statements of intent to lodge an objection to the certification of the Norway North East Arctic saithe fishery for the client Norges Fiskarlag have been received.

A Public Certification Report is now being released and a certificate shall be issued. Subject to successful ongoing surveillance audits, Norway North East Arctic saithe fishery is now certified.

The scope of certification is:

Species: North East Arctic saithe (*pollachius virens*)

Harvesting method: Danish seine, purse seine, demersal trawl, gillnets and hooks & lines.

Location: North East Arctic Ocean, Norwegian EEZ ICES Sub-areas I and II/FAO statistical area 27.

Information regarding this fishery can be accessed at:
