Date submitted to MSC	08.01.2015
Conformity Assessment Body	IMO Swiss AG
Fishery Name/CoC Certificate Number	MSC-F-120238
Lead Auditor/Programme Manager	Selma Wurst
Scheme requirement(s) to vary from	MSC CR v1.3 section 27.22.3.1
Is this variation sought in order to undertake an expedited P1 assessment (CR annex CL)?	No

### 1. Proposed variation

*First fishery surveillance assessment will be postponed after February 2015.*

### 2. Rationale/Justification

*Due to the decision of IMO to stop MSC fishery accreditation with ASI, the fishery client Toralla (informed 10.12.2014) has to find another certifier for the fishery certificate transfer to continue with certification and prepare for the first surveillance assessment. The first surveillance assessment has to be completed by February 2015. However, the client needs to hire another CAB to undertake surveillance which was difficult during Christmas season and is still difficult during current summer time vacation season in Chile starting now.*

### 3. Implications for assessment (required for fisheries assessment variations only)

*First fishery surveillance assessment will be postponed after February 2015.*

### 4. Have the stakeholders of this fishery assessment been informed of this request? (required for fisheries assessment variations only)
