

SCS Global Services does hereby certify that the following fishery meets the Marine Stewardship Council's environmental standard for a well-managed and sustainable fishery:

US North Pacific Halibut

The scope of this certificate shall be limited to:

Gear: Bottom-set Longline (hook and line)

Stock: North Pacific Halibut (*Hippoglossus stenolepis*)

Operators: IFQ permitted fishers in Alaskan federal waters and permitted fishers in IPHC Area 2a (Washington State waters only).

Certified products may enter Chain of Custody from the point of landing at a processor listed on the fishery certificate (See addendum)

Parties entitled to use the certificate to enter product into certified Chain of Custody include those listed in the certificate addendum.

As 'other eligible fishers,' MSC certified North Pacific Halibut caught by fishermen covered under the US North Pacific Sablefish certificate using pot gear or troll gear operating under the Alaska Salmon certificate (MSC-F-30027) is eligible. This independent certification assessment was conducted on behalf of:

Fishing Vessel Owners' Association (FVOA) - Eat on the Wild Side

4005 - 20th Ave. West, Room 232, Seattle, WA, United States

Certification Code: MSC-F-31262

Valid From 25 Aug 2016 to 25 Feb 2022

MSC Standard: MSC Certification Requirements V1.3

ACC-MSC-001

A handwritten signature in black ink, appearing to read 'Dave Bubser'.

Dave Bubser, Vice President, Natural Resources
SCS Global Services
