Stakeholder Announcement

Reassessment timeline

Intertek Fisheries Certification (IFC) would like to announce its projected timeline for reassessment of the **Ekofish Group North Sea (ICES IVb) Twin Riggd Otter Trawl Plaice Fishery**. Any deviation from this intended timeline will be updated on the MSC website, as per MSC Certification Requirements.

Key Stages	Months								
	1	2	3	4	5	6	7	8	9
<i>Fishery enters reassessment</i>									
<i>Site visit preparation</i>									
<i>Data gathering</i>									
<i>Site visit</i>									
<i>Scoring</i>									
<i>Preliminary Draft Report</i>									
<i>Peer Review</i>									
<i>Public Comment Draft Report</i>									
<i>Final Report</i>									
<i>Public Certification Report</i>									
<i>Certification outcome</i>									

IFC would like to encourage all stakeholders with comments relevant to this assessment to submit comments to the email address given below. The MSC provides guidance and forms for submission of any stakeholder comments, which can be found here: <http://www.msc.org/documents/get-certified/stakeholders>

In the first instance, please direct all comments to fco@intertek.com.

Dr JIM ANDREWS

Lead Assessor
