

Reykjavík,

**Regarding: Updated Statement of ISF's Policy on Certificate Sharing Arrangements  
for the ISF Iceland Anglerfish fishery**

Iceland Sustainable Fisheries (ISF) ehf. confirms its willingness to share certificate for the MSC certification of the ISF Iceland Anglerfish fishery, including any further potential extension of the scope of that certificate.

Anglerfish will be eligible for marketing with reference to the certificate, provided the fish is caught, supplied and/or sold to Iceland Sustainable Fisheries ehf, and/or its authenticated certificate sharers.

Any Icelandic holders of permits, issued by the Icelandic Directorate of Fisheries, for the fishing of Anglerfish and/or processors and/or traders of this species of fish derived from the above fishery, are invited to apply to ISF ehf. for the sharing of the certificate and its potential scope extension.

Applicants will be eligible to enter into certificate sharing agreement with the ISF ehf. on the basis of:

- a) Equitable sharing of internal and external costs incurred due to the assessment processes and
- b) Full compliance with the MSC Fisheries Standards and Certification Requirements, including any conditions and recommendations set for the certification and subsequent programs of corrective action to address such conditions and recommendations.

On behalf of Iceland Sustainable Fisheries ehf,

Erla Kristinsdóttir
