## Stakeholder notification of FA name change

Dear Stakeholder,

The Certification Assessment Body (CAB) United Certification Systems Limited ([UCSL](https://ucsl.eu/)) would like to inform you of the changes of name of the following fishery:

FSA East Sakhalin Walleye pollock mid-water trawl changed to **Fishery Shipowners Association (FSA) East Sakhalin Walleye pollock**

Please kindly note, that the change is raised in order to comply with MSC-FCP-v2.2: 7.10.4 / Process requirements - Announcement Comment Draft Report / as well as MSC Ecert database user manual for CABs v8.0 section 3.2. Change of the name is a technical update and will not affect certificate scope / UoA, as well as no changes content wise to any of the FA reports at any stage, etc.

UCSL welcomes any suggestions regarding stakeholders who may wish to receive updates for this fishery.

Sincerely,  
UCSL Marine Program Team
