Notice of Suspension

Western Baltic spring spawning herring

21st September 2018 until further notice

The above fishery's MSC certification has been suspended under GCR 7.4.2.1 (No longer conforms to the MSC Fisheries Standard)

The suspension requires that the certificate holder not sell any fish caught as MSC-certified after the day of suspension until such time that the suspension is lifted. To comply with this requirement, the fishery is not eligible to use the MSC ecolabel. Fish landed within this certified Unit of Certification prior to the date of this suspension, purchased/sold as MSC certified and stored in a facility with a valid MSC chain of custody certificate within scope, can be sold as MSC certified **if the date of landing can be confirmed**.

A Client Action Plan has been requested from the client.
