ISF Iceland Cod – Re-assessment

MSC Fisheries Certification Requirements

Conformity Assessment Body: Vottunarstofan Tún ehf.

Notification of Peer Reviewers Confirmed

The independent conformity assessment body, Vottunarstofan Tún ehf., is currently carrying out the re-assessment of **the ISF Iceland Cod** fishery against the MSC Fisheries Certification Requirements.

Information on the re-assessment are available on MSC's website: https://www.msc.org/track-a-fishery/fisheries-in-the-program/certified/north-east-atlantic/isf_iceland_cod/re-assessment-downloads-1.

Vottunarstofan Tún confirms that **Robert O'Boyle** and **Jose Peiro Crespo** will be conducting peer review of the forthcoming Peer Review Draft Report on this re-assessment. These are appointed on the basis of their technical expertise in the areas relevant to the assessed fishery. Their summary CVs are available on https://www.msc.org/track-a-fishery/fisheries-in-the-program/certified/north-east-atlantic/isf_iceland_cod/re-assessment-downloads/20160818_PEERPRO_COD231.pdf.

Any comments and queries regarding this fishery shall be addressed to:
