

**MSC Assessment
Lake Hjälmaren Pikeperch Trap Fishery
Lake Hjälmaren Pikeperch Gill Net Fishery**

Certification Body: Intertek Moody Marine

**Announcement of Determination and
Release of Final Report for Stakeholder Consultation**

Following a 30 day period of comment on the Draft Report, the independent supervisory board of Intertek Moody Marine has reviewed the report of the Assessment Team, the Peer Review comments and all stakeholder comments.

The determination reached by the certification body is that the Lake Hjälmaren Pikeperch Trap Fishery and Lake Hjälmaren Pikeperch Gill Net Fishery SHOULD be certified according to the MSC Principles and Criteria.

The Final Report relating to this assessment is now available on the MSC's website (www.msc.org).

Please note that this is a determination, not a final certification result. This fishery is therefore not certified, nor is it able to use the MSC's logo on any products until the final consultation period has been concluded.

There is now a 15 working day period during which any party that disagrees with this determination may send a written statement of intent to lodge an objection. A description of the grounds for objection can be found in the MSC Objections Procedure, on the MSC's website.

An objection should be addressed to the Independent Adjudicator with a copy to the MSC Chief Executive by **5 p.m. GMT on 5 November 2013.**
