Barents Sea cod, haddock and saithe

Marine Stewardship Council Certification

Certification Body: LRQA

Notification Public Certification Report

LRQA have received no notice of objection during the 15-working day time period required for comment on the Final Report.

Therefore, LRQA are delighted to announce the release of the Public Certification Report for the above-named fishery and, subject to successful outcomes from surveillance audits, Barents Sea cod, haddock and saithe is certified under the MSC requirements for Sustainable Fisheries from the date of re-certification and for five (5) calendar years following this date.

Following completion of this final consultation period the above-named fishery is able to use the MSC's logo on all products defined within the Public Certification Report for the specified units of certification for this assessment.

LRQA would like to express our thanks to all individual and organisational stakeholders who participated throughout this assessment process.

Gillian Irvine

Fisheries Technical Officer
