Version: Acoura Marine MSC Cert Template 20180828

UNITS OF CERTIFICATION

Definition: Target stock(s) combined with the fishing method/gear and practice (including vessel type/s) pursuing that stock, and any fleets, or groups of vessels, or individual fishing operators that are covered by the MSC fishery certificate. Note that other eligible fishers may also be included in some Units of Assessment but not initially certified (until covered by a certificate sharing arrangement).

UoC 1

Species:	Pikeperch/Zander (<i>Sander lucioperca</i>)
Geographical area:	Lake Hjälmaren, Sweden
Method of capture:	Fish-trap fishery
Stock:	Lake Hjälmaren Pikeperch/Zander
Management System:	Stock monitoring is carried out by SLUaqua. The setting of regulations and licence control and provision, surveillance and fisheries control is provided principally by the County Administrative Boards, which may vary fishing regulations in specific conditions.
Client Group:	Hjälmarens Fiskareförbund

Other Eligible Fishers:	All licensed fishermen who have a cost-sharing arrangement with Hjälmarens Fiskareförbund.
-------------------------	--------------------------------------------------------------------------------------------

Stock:	Lake Hjälmaren Pikeperch/Zander
Management System:	Stock monitoring is carried out by SLUaqua. The setting of regulations and licence control and provision, surveillance and fisheries control is provided principally by the County Administrative Boards, which may vary fishing regulations in specific conditions.
Client Group:	Hjälmarens Fiskareförbund

Other Eligible Fishers:	All licensed fishermen who have a cost-sharing arrangement with Hjälmarens Fiskareförbund.
-------------------------	--------------------------------------------------------------------------------------------

THE POINT(S) AT WHICH FISH AND FISH PRODUCTS MAY ENTER A CHAIN OF CUSTODY

All licensed fishermen who are members of, or who have a cost-sharing arrangement with Hjälmarens Fiskareförbund may supply product into further certified chains of custody. Details of fishermen included within the fishery certificate are available on the website <http://www.insjorfiskare.se>

Eligible points of landing are all landing points on the shores of Lake Hjälmaren.

Change of ownership, and the point from which Chain of Custody certification is required, is the first point of sale of pike perch from identified fishermen.

All processors/retailers/restaurants/fishermen etc. wishing to sell Lake Hjälmarens pikeperch as 'MSC Certified' will require their own separate Chain of Custody certification.

THE PARTIES, OR CATEGORIES OF PARTIES, THAT ARE ENTITLED TO USE THIS CERTIFICATE TO ENTER FISH FROM THE CERTIFIED FISHERY INTO CERTIFIED CHAINS OF CUSTODY

All licensed pikeperch fishermen on Lake Hjälmaren, Sweden.
