<b>Proposed Team Leader</b>	<p>Sandhya Chaudhury is a Principal Specialist at DNV GL Business Assurance. She holds a B.Sc. in Biological sciences and a MBA. Sandhya Chaudhury has been the Lead Auditor/Team Leader for various MSC Pre- and Full Assessments since 2005. She has participated in various MSC workshops introducing certification methodology for MSC Fisheries and Chain of Custody to workshop participants. She is well-versed in project management with proven ability to lead cross-disciplinary teams. Sandhya has auditor experience with other quality management standards since 2002 and industry experience since 1991. Sandhya has been previously involved with the assessment &amp; re-assessment of this fishery until 2013. Sandhya has no conflicts of interest in relation to the fishery under assessment.</p>										
<b>Proposed team members</b> <i>[remove if not applicable]</i>	<p>Tim Huntington – Team Member</p> <p>Tim Huntington is a fisheries biologist with over 30 years' experience in the industry and related consulting. Tim holds a BSc (Hons) in Biological Sciences and a MSc in Applied Fish Biology. He has worked in capture fisheries and aquaculture in over 60 countries worldwide, with particular focus on Europe, the Middle East, Africa and Asia.</p> <p>Tim has specialized in promoting sustainability in fisheries and aquaculture and has worked on a number of fisheries development projects for the Global Environment Facility, FAO and other agencies. He has worked extensively with the MSC responsible fisheries programme, including pre-assessments, full assessments and chain of custody audits for a number of certification bodies. Tim has participated both as lead auditor and team member for a number of UK, NW Atlantic, Indian Ocean and Pacific Ocean fisheries and specializes in contributing to the Principle 2 and Principle 3 elements.</p> <p>In addition to his work for certification bodies, Tim has also worked directly for MSC; contributing in studies on chain of custody methodologies, a review of environmental benefits of MSC certification, amongst other projects.</p> <p>Tim meets the competence criteria in the MSC Certification requirements v. 1.3 &amp; v.2.0, annex PC and has substantial and appropriate skills related to Principle 2 &amp; Principle 3. He is trained as a team member according to v. 2.0 and v. 1.3. Tim has no conflicts of interest in relation to the fishery under assessment.</p>										

<b>Audit/review time and location</b>	The surveillance will take place in Bergen and Oslo, Norway on 16 <sup>th</sup> & 17 <sup>th</sup> November 2016
<b>Assessment/review activities</b>	<p>The key purpose of the surveillance audit is:</p> <ul style="list-style-type: none"> <li>• to review and evaluate the progress of the fishery against Conditions of Certification raised during the full assessment;</li> <li>• review any potential or actual changes in the management systems;</li> <li>• review changes or additions / deletions to regulations;</li> <li>• review any personnel changes in scientific staff, key management or industry to evaluate impact on the management of the fishery;</li> <li>• review any potential changes to the scientific basis of information, including stock assessments.</li> <li>• Review any changes affecting traceability.</li> </ul>

Any parties (individuals or organizations) interested in providing input to the annual surveillance process, please contact DNV GL by **5 PM GMT on 10<sup>th</sup> November 2016** and provide:

- Your name and contact details
- Your association with the fishery
- The issues you would like to discuss (in order for us to arrange appropriate representation)
- Where and when you would like to meet

Information on this fishery can be found at: <https://www.msc.org/track-a-fishery/fisheries-in-the-program/certified/north-east-atlantic/norway-north-sea-saithe/norwegian-north-sea-saithe>

Please use the **"MSC template for stakeholder input v2.0"** for submission of any comments. The template can be downloaded from the MSC website: <http://www.msc.org/documents/scheme-documents/forms-and-templates/template-for-stakeholder-input-into-fishery-assessments-v2.0/view>
