Certificate Extension

SARPC Toothfish fishery

Control Union Pesca Ltd (CU Pesca) would like to inform stakeholders that the MSC has accepted a Variation Request (Certification Extension) for the SARPC Toothfish fishery.

The certificate will be extended for 4 months, this means that their current certificate now expires on the 2nd January 2019. CU Pesca confirms that we are not aware of any factor (related to either fishery status or performance against conditions) that could result in the fishery no longer being in compliance with the MSC Fisheries Standard.

CU Pesca is happy to receive comments from stakeholders on this change or on the assessment of this fishery. All interested stakeholders are encouraged to contact Charlotte Gwyther (cgwyther@controlunion.com) at Pesca by email, telephone or post at the below number and address:

Please note that comments should be factual and should be supported by data or other evidence. Comments may remain unattributed. Furthermore, information that cannot be shared with any other stakeholder will not be referenced in the assessment and cannot be used in determining the outcome of the fishery's assessment nor used as a basis for an objection. Information can be kept confidential if it is restricted to financial transactions about certification, the financial affairs of individual companies or information that may lead to this information being known, or information that is the subject of relevant national privacy or data protection legislation in the assessed fishery's country.
