

## Marine Stewardship Council

### Surveillance Announcement

<b>Name of Fishery</b>	Macquarie Island Toothfish Fishery	
<b>Surveillance level and type</b>	Surveillance frequency score 0, reduced annual surveillance audits, review of information.	
<b>Surveillance number (tick one)</b>	1st Surveillance	X
	2nd Surveillance	
	3rd Surveillance	
	4th Surveillance	
	Other (expedited etc)	
<b>Proposed Team Leader</b>	Sandy Morison (SCS – Lead auditor and Principle 1 and 2 expert)	
<b>Proposed team members <i>[remove if not applicable]</i></b>	Sandy Morison (Principle 1 and 2 expert) was a full assessment team member at first and re-assessment He meets the requirements of the MSC Certification Requirements v2.1 (2015) as detailed as part of the original assessment.	
<b>Audit/review time and location</b>	SCS Global Services (SCS) will be conducting the review of information on the <b>31<sup>st</sup> August 2018</b> (by conference call).	
<b>Timeline Justification</b>	No deviation from timeline.	
<b>Assessment/review activities</b>	The annual audit will consider recent developments and monitor progress on the one condition and recommendations placed on the fishery for continued certification. The meeting will include participants such as the client representatives, fishery managers, scientists and stakeholders to gain a full understanding of the current state of the fishery.	

SCS encourages stakeholders not to withhold information, and SCS will not permit use of confidential information for reference within an assessment as basis for determination of an assessment outcome. Confidential information is restricted to defined exceptions listed in FCR v2.0 (4.3.3).

Any parties (individuals or organizations) interested in providing input at the on-site meetings or via email, and/or in being directly informed of future stakeholder announcements, please contact SCS at [sdaume@scsglobalservices.com](mailto:sdaume@scsglobalservices.com) with:

- a. your name and contact details;
- b. your association with the fishery; and
- c. the issues you would like to discuss (in order for us to arrange appropriate representation).

As a reminder, information is most useful to the assessment team when it is specific and includes constructive suggestions for improving existing situations. Also, supporting documentary evidence for any issues of concern will be greatly appreciated by the assessment team.
