| | 2nd Surveillance | |
| | 3rd Surveillance | ✓ |
| | 4th Surveillance | |
| | Other (expedited etc) | |
| Proposed Team Leader | <p>Paul Knapman</p> <p>Paul is an independent consultant based in Halifax, Nova Scotia, Canada. Paul began his career in fisheries nearly 30 years ago as a fisheries officer in the UK, responsible for the enforcement of UK and EU fisheries regulations. He then worked with the UK government's nature conservation advisors (1993-2001), as their Fisheries Programme Manager, responsible for establishing and developing an extensive programme of work with fisheries managers, scientists, the fishing industry and ENGOS, researching the effects of fishing and integrating nature conservation requirements into national and European fisheries policy and legislation.</p> <p>Between 2001-2004 he was Head of the largest inshore fisheries management organisation in England, with responsibility for managing an extensive area of inshore fisheries on the North Sea coast. The organisations responsibilities and roles included: stock assessments; setting and ensuring compliance with allowable catches; developing and applying regional fisheries regulations; the development and implementation of fisheries management plans; acting as the lead authority for the largest marine protected area in England.</p> <p>In 2004, Paul moved to Canada and established his own consultancy providing analysis, advisory and developmental work on fisheries management policy in Canada and Europe. He helped draft the management plan for one of Canada's first marine protected areas, undertook an extensive review on IUU fishing in the Baltic Sea and was appointed as rapporteur to the European Commission's Baltic Sea Regional Advisory Council.</p> <p>In 2008, Paul joined Moody Marine as their Americas Regional Manager, with responsibility for managing and developing their regional MSC business. He became General Manager of the business in 2012. Paul has been involved as a lead assessor, team member and technical advisor/reviewer for more than 50 different fisheries in the MSC programme. He returned to fisheries consultancy in 2015.</p> | |

| | |
|--|--|

Stakeholder Comment

Statement of review of information

This audit involves seeking the views of the client and identifying if there are any issues requiring further investigation. The audit will be undertaken remotely and the process does not necessarily require Stakeholder input. If you do have any contribution you wish to make, please advise us at your earliest convenience, prior to the audit.

The MSC provide guidance and templates for stakeholder contribution which can be found here:
