

## Marine Stewardship Council (MSC) Certification

### Îles-de-la-Madeleine lobster

#### Notification of Draft Assessment Tree and Scoring Guideposts

Global Trust Certification Ltd is proposing to use the default assessment tree contained within the MSC Certification Requirements (v1.2) in the independent evaluation of the **Îles-de-la-Madeleine lobster** Fishery. Global Trust will be taking comments on the proposed Certification Requirements, it is requested that anyone wishing to contribute contact Global Trust no later than **Saturday 29th September 2012**. All comments should be sent to Global Trust using the contact details shown below. Comments should be made as specific as possible to individual performance indicators and scoring guideposts, and their suitability or not within this fishery. More information regarding the MSC Certification Requirement can be found at <http://www.msc.org> and can be provided on request from Global Trust.

In addition we intend to consider some elements of the assessment under the MSC's Risk-Based assessment Framework (RBF). The performance indicator which may be assessed using the RBF is **1.1.1 Stock Status**. Information on the RBF can be assessed on the MSC website <http://www.msc.org>. The complete MSC Certification Requirements can be provided on request from Global Trust.
