

Limfjord Oyster Dredge Fishery, Denmark
Surveillance Audit
15th - 17th April 2013, Denmark

Following certification of this fishery, we are now continuing the process of annual surveillance audits of the fishery. These audits have two principal functions:

1. To review any changes in the management of the fishery, including regulations, key management or scientific staff, or stock evaluation
2. To evaluate the progress of the fishery against any Conditions of Certification raised during the Main Assessment

During the audit, or at separate meetings, we shall be speaking with representatives of the fishery and fishery management organisations. We expect to carry out meetings on **15th-17th April 2013**.

Meetings will be held in **Limfjord** and attended by Audit Team members as below. The assessment team membership is the same as the original audit team. Two of three team members will be present on site, as indicated below.

Jim Andrews	Coordinator / L/A	On site
Andy Brand	P1	On site (subject to availability)
Marine Maar	P2	On site (subject to availability)
Jim Andrews	P3	On site

Should you have any information on this fishery that you feel should be considered in the assessment, please advise us. We may be available to meet with stakeholders as appropriate. If you would like to arrange a meeting, please advise us, ideally by **1700 GMT on 12th April 2013** of:-

- a) your name and contact details
- b) your association with the fishery
- c) the issues you would like to discuss (in order for us to arrange appropriate representation)
- d) where and when you would like to meet

Intertek Moody Marine notifies identified stakeholders directly through email. If you know of anyone who may be interested in this notification please forward to them and notify us so we may add them to our list of stakeholders. It should be noted that because email is not a foolproof way of transmitting notifications, we ask that stakeholders also subscribe to the free notification service provided by the MSC [here](#).

If you wish to provide comment at any stage of the assessment process the MSC have provided a template for stakeholders to complete and submit their comments. This can be downloaded [here](#).

The contact details for Moody Marine are:

Dr Jim Andrews
Lead Assessor
