

Canadian Offshore Northern Shrimp Fishery in Shrimp Fishing Area 1 MSC Certification

Certification Body: Intertek Moody Marine

Announcement of Determination and Release of Final Report for Stakeholder Consultation

The independent supervisory board of Intertek Moody Marine has reviewed the report of the Assessment Team, the Peer Review comments and all stakeholder comments and determined that the Canadian Offshore Northern Shrimp Fishery in Shrimp Fishing Area 1 should be certified according to the MSC Principles and Criteria.

The Final Report relating to this assessment is now available on the MSC's website (www.msc.org).

Please note that this is a determination, not a final certification result. This fishery is therefore not certified, nor is it able to use the MSC's logo on any products until the final consultation period has been concluded.

There is now a 15 working day period during which any party that disagrees with this determination may send a written statement of intent to lodge an objection. A description of the grounds for objection can be found in the MSC Objections Procedure, on the MSC's website.

An objection should be addressed to the Independent Adjudicator with a copy to the MSC Chief Executive by 13th March 2012.
