

**Faroe Islands tusk and ling**  
**–scope extension with cod and haddock–**  
**Marine Stewardship Council Certification**  
**Certification Body: DNV GL Business Assurance**

**Opportunity to submit new information**

DNV GL Business Assurance (DNV GL) notifies all stakeholders about a 30 days consultation period within which stakeholders are invited to submit any new information relating to the **Faroe Islands tusk and ling –scope extension with cod and haddock fishery** that they think the team should consider in the assessment.

Following the 30-day consultation period, the assessment team will:

- a. Review any new information provided.
- b. Assess new information following all steps from scoring the fishery to peer review against the Fisheries Certification Process v2.1. The team may limit the scope of this assessment to the re-scoring of those PIs for which there is new information.

Should you have any new information, which you believe was not available to the assessment team during site audit conducted during 18<sup>th</sup>- 22<sup>nd</sup> November 2019 in Torshavn, Faroe Islands, please submit this information to [lucia.revenga@dnvgl.com](mailto:lucia.revenga@dnvgl.com) by 5 PM GMT on **21<sup>st</sup> of February 2021**.

If you would like to talk to the assessors in person, please advise us of your interest, giving the following details:

- Name and company, together with contact information;
- Your association with the fishery;
- The issues you would like to discuss (in order for us to arrange appropriate representation)
- Suitable venue and time for a meeting.

Recommendations of new stakeholders who might have a new information relating to the fishery are also welcome.

The contact details for DNV GL are:
