

**Alaska Salmon Fishery
MSC Re-Assessment**

Certification Body: Intertek Moody Marine

Stakeholder Notification: Cancellation of Re-assessment

Intertek Moody Marine has been directed by the client for the Alaska Salmon Fishery, the Alaska Fisheries Development Foundation (AFDF), to cancel the re-assessment of this fishery. Reasons for the cancellation can be found on the AFDF website (<http://www.afdf.org/msc-salmon-press-release>).

The fisheries certification lapses on 28th October 2012. Any Alaska salmon caught after this date and any salmon product produced from Alaska salmon caught after this date will not be eligible to carry the MSC logo.

The AFDF has indicated it will continue its role as the client only to the extent that it meets the obligations necessary to ensure that the Alaska salmon caught up to 28th October 2012 remains eligible to carry the MSC logo.

Intertek Moody Marine would like to thank the assessment team for the work they undertook on this fishery and to stakeholders for their participation.
