Russian Barents Sea Greenland Halibut

Marine Stewardship Council Certification

Certification Body: Lloyd's Register

Notification Public Certification Report

LR have received no notice of objection during the 15-working day period required for comment on the Final Report.

Therefore, LR are delighted to announce the release of the Public Certification Report for the above-named fishery and, subject to successful outcomes from surveillance audits, Russian Barents Sea Greenland Halibut fishery is certified under the MSC requirements for Sustainable Fisheries from the date of certification and for five (5) calendar years and 6 months following this date¹.

Following completion of this final consultation period the above-named fishery is able to use the MSC's logo on all products defined within the Public Certification Report for the specified units of certification for this assessment.

LR would like to express our thanks to all individual and organisational stakeholders who participated throughout this assessment process.

Kate Morris

Fisheries Technical Officer

LR

¹ Under the terms of the MSC Covid-19 Derogation 17th March 2020, new certificates issued before the 27th September 2020 will be given a 6-month extension on their certificate.
