Marine Stewardship Council Surveillance Announcement

Name of Fishery	Shark Bay prawn fishery	
Surveillance level and type	Level 4	
Surveillance number (tick one)	1st Surveillance	
	2nd Surveillance	X
	3rd Surveillance	
	4th Surveillance	
	Other (expedited etc.)	
Proposed Team Leader	<p>Richard Banks. Mr. Richard Banks will serve as lead assessor. Richard Banks has considerable MSC experience having served as the Lead Assessor for four Australian prawn trawl assessments, including the Shark Bay Prawn Trawl fishery; and on the PNA free school skipjack full assessment. Richard has also designed several fishery improvement plans in South East Asia and the Pacific, and acted as external reviewer to a number of MSC assessments on behalf of WWF. Richard currently works as an advisor to FFA, MFMR, and PNA as an offshore tuna advisor. Richard is an economist and fisheries management and policy programming specialist having worked on similar issues for international agencies, Commonwealth and State Fisheries. Richard holds a bachelor degree in Fisheries Economics and a Masters in Agricultural Economics from the University of Portsmouth, and Imperial College, London, respectively.</p> <ul style="list-style-type: none"> • He has an appropriate university degree and more than five years' experience in management and research in fisheries; • He has passed the MSC team leader training; • He has the required competencies described in Table PC1, section 2; • He has undertaken one fishery assessment as a team member in the last five years, and a variation request has been accepted by the MSC to substitute her experience with MSC assessments in other capacities for the requirement to serve on two MSC fishery assessments as a team member; and • He has experience in applying different types of interviewing and facilitation techniques and is able to effectively communicate with clients and other stakeholders. <p>In addition, he has the appropriate skills and experience required to serve as a</p>	

	<p>Principle 3 assessor as described in FCR Annex PC table PC3.</p> <ul style="list-style-type: none"> MRAG Americas confirms that Richard Banks has no conflicts of interest in relation to the fishery under assessment.
Proposed team members [remove if not applicable]	<p>Kevin McLoughlin. Dr. Kevin McLoughlin works as a fisheries consultant. His recent work includes Marine Stewardship Council assessment and peer review. In addition, he has undertaken review of fisheries assessed under the World Wildlife Fund Common Wild Capture Fishery Methodology. Previously as a Senior Fisheries Scientist with the Bureau of Rural Sciences he has engaged in a wide range of international and domestic fisheries management and policy. Kevin represented BRS on many committees and groups such as Australian Fishery Management Authority fishery assessment groups (including for the Southern and Eastern Scalefish and Shark Fishery, the Northern Prawn Fishery, the Bass Strait Scallop Fishery, and the Western Tuna and Billfish Fishery), DAFF's Shark Implementation Group for implementation of the National Plan of Action for Sharks, and others. He represented Australia on scientific issues at the Indian Ocean Tuna Commission and was Chair of the IOTC Working Party on Ecosystems and Bycatch for its first 3 meetings. In 2006 he chaired the meeting of the Working Party on Billfish led Australia's delegation during 2 weeks of scientific meetings of the Commission for the Conservation of Southern Bluefin Tuna in Tokyo. In 2008, he represented Australia at a meeting to progress the Regional Plan of Action to Promote Responsible Fishing Practices including Combating IUU Fishing in Bangkok and presented Australia's cooperative approaches with Indonesia to research and manage shared snapper stocks in the Arafura/Timor Seas. These responsibilities required a high level of interaction with policy and industry clients, and with international organizations. An important aspect of his work is to be able to translate complex fisheries information to a range of audiences.</p> <p>MRAG Americas confirms that Kevin McLoughlin meets the competency criteria in Annex PC for team members as follows:</p> <ul style="list-style-type: none"> He has an appropriate university degree and more than five years' experience in management and research in fisheries, He has undertaken at least two MSC fishery assessments or surveillance site visits in the last five years He is able to score a fishery using the default assessment tree and describe how conditions are set and monitored. <p>In addition, he has the appropriate skills and experience required to serve as a Principle 1 and Principle 2 assessor as described in FCR Annex PC table PC3, and MRAG Americas confirms he has no conflicts of interest in relation to the fishery under assessment.</p> <p>The whole assessment team collectively meets the requirements as described in FCR Annex PC table PC3.</p>
Audit/review time	The surveillance will take place in Perth, Australia on the 20 th – 22 nd of February,

and location	2018.
Assessment/ review activities	The surveillance will review any changes in science and management, and will monitor progress in closing out conditions: initiating the process to develop control rules that have a more scientific basis; establishing a specific monitoring program for both habitats and the ecosystem; and explicitly incorporating the precautionary approach into the decision-making process.

MRAG Americas invites stakeholders to provide any information considered relevant to the surveillance and expedited assessments of the fisheries. The MSC has developed a guide for stakeholder input, available at <http://www.msc.org/documents/get-certified/stakeholders> and a template for stakeholder response available at <https://www.msc.org/documents/scheme-documents/forms-and-templates/template-for-stakeholder-input-into-fishery-assessments-v2.0/view>.

You may use the template or provide your response in any other format. All comments and inquiries should be directed to MRAG Americas. MRAG will schedule meetings with stakeholders if requested. To schedule a meeting please provide:

- your name and contact details
- your association with the fishery
- the issues you would like to discuss
- where and when you would like to meet

We request that stakeholders provide written information or request a meeting by 5pm PST on 2 February 2018.

More information on the fishery is available at <https://fisheries.msc.org/en/fisheries/shark-bay-prawn/@@assessments>.

Please send any documentation, requests for meetings, or inquiries to:
